Job Ready Skills Program and Job Application Form

STEP 6

Type your desired password (remember to also write it down somewhere so you can check if you forget)

The screenshot shows a web interface for 'ith YellowPencil WPForms'. At the top right, it says 'Howdy, Eduweb Institute' next to a user profile icon. Below this are search and shopping cart icons. The main form area contains a large empty text box, followed by a password input field with a red border and a masked password '.....'. Below the password field is another empty input field.

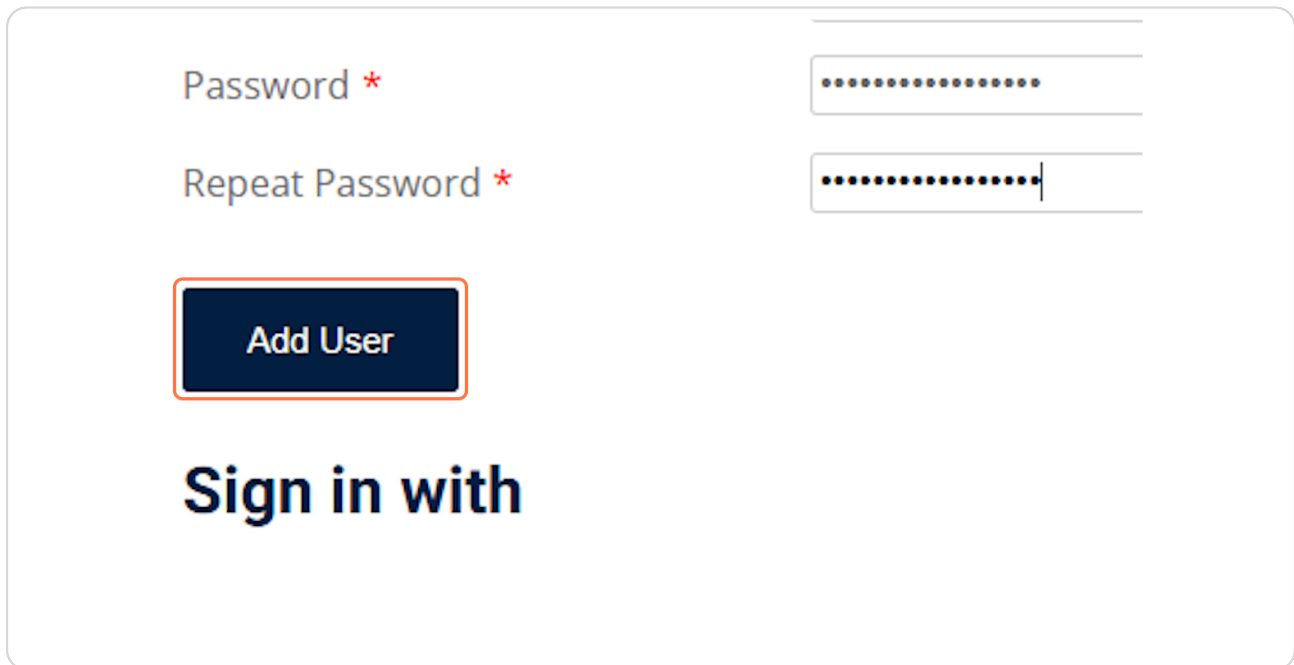

STEP 7

Type your desired password again

The screenshot shows the same web interface as Step 6, but now with two password input fields. The first password field is masked with '.....'. The second password field, which has a red border, is also masked with '.....'. At the bottom of the form, there is a link that says 'Profile / Logout'.

STEP 8

Click on Register (on the screenshot, it says add user, don't worry about that)

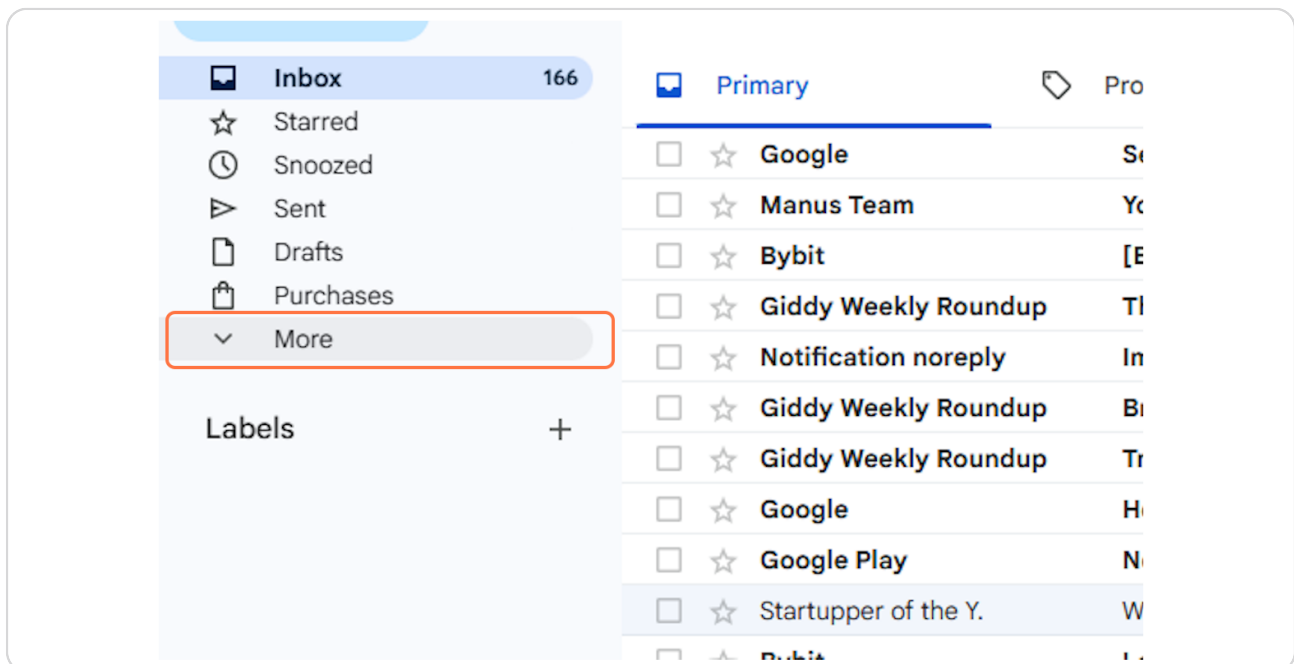

Registration form with the following elements:

- Label: Password *
- Input field: Password (masked with dots)
- Label: Repeat Password *
- Input field: Repeat Password (masked with dots)
- Button: Add User (highlighted with a red border)
- Text: Sign in with
